

BIOTECH - INDUSTRY CONCLAVE 2017

on

“Interfacing With Industry: Building for Tomorrow”

27th - 28th October, 2017

Organized by

**School of Biotechnology, KIIT University
Bhubaneswar, India**

Venue

Auditorium, Campus-6, KIIT University

About the Conclave

A cornerstone of the bio-economy is industrial biotechnology, an area in which India needs to excel. The knowledge-based bio-economy provides unique opportunity for India to increase the efficiency of its research, and thus, reinforce scientific and industrial leadership, to consequently create new jobs and increase competitiveness. In order to increase the fitness of Indian industry to respond to changing global markets there is an urgent need to rigorously promote a synergy between industry and academia. To be in sync with professional mindsets and to address tomorrow's challenges, we at KIIT University, are organizing the fourth Biotechnology Industry Conclave titled **"Interfacing with Industry: Building for Tomorrow"**. We invite professionals from industries to share their expertise and experiences with us. We invite you all to contribute in building an integrated platform to march ahead towards a global society.

About KIIT University

KIIT University is a rapidly emerging "Center of Excellence" in higher education. The University has 23 constituent schools offering more than 100 programmes with about 27,000 students enrolled in various programs like Biotechnology, Engineering, Medicine, Management, Law. Accredited in "A" Grade (highest CGPA among self-financing universities) by NAAC of UGC, presently it ranks amongst Top 5 Private Universities of India with A+++.

Among these constituent Schools, **School of Biotechnology (KSBT)** was established in 2007 as the first institute in the state of Odisha, India having integrated academic and research activities including innovation driven incubation program. The institute was founded with an aim to develop trained human resource in the promising field of Biotechnology. It's foundation stone was laid by Prof. Richard R. Ernst (Nobel Laureate, Chemistry, 1991) and was inaugurated by Prof. Rolf Zinkernagel (Nobel Laureate Medicine, 1996).

KIIT Technology Business Incubator (KIIT-TBI), started in 2009 as an initiative of KIIT University and supported by National Science & Technology Entrepreneurship Development Board (NSTEDB), Dept. of Science & Technology (DST) & Biotechnology Industry Research Assistance Council (BIRAC), Govt. of India. KIIT - TBI is a member of Asia Pacific Incubation Network (APIN) and Business Incubator's association (ISBA). Currently KIIT-TBI is nurturing 62 startups and is serving as epicenter for technology startups and entrepreneurs in the eastern and northeast region.

Contact Persons

Convenor

Dr. Mrutyunjay Suar

Professor, School of Biotechnology, KIIT University

Coordinators

Dr. Gargi Dey

Associate Professor, School of Biotechnology, KIIT University

Dr. Gopal Chowdhary

Assistant Professor, School of Biotechnology, KIIT University

Ms. Sonam Mohapatra

Campus Coordinator, School of Biotechnology, KIIT University
