Career boosting short term  
training course on

## Basic tools and techniques in Cell biology & Immunology

26<sup>th</sup> August - 11<sup>th</sup> September, 2019

### Purpose of the training programme

The training program is entitled to provide hands-on-experience on basic techniques on cell biology and immunology.

Workshop will provide an extended forum for all participants to broaden their knowledge in the field of research.

### Who can attend?

Researchers and lecturers working in different areas of life sciences and biotechnology in various Universities/Colleges/R&D institutions in India.

### Course highlights

- PBMC isolation and culture
- MTT assay
- Assay for nuclear and mitochondrial staining
- Assays for apoptosis study
- Cell proliferation assay
- Immunophenotyping by flow cytometry
- Bacteria phagocytosis study
- SDS-PAGE
- Western blot
- ELISA

**No registration fee is required.**

Last date: 31<sup>st</sup> July, 2019

\*Maximum numbers of attendees: 20

Applications are invited for a DBT sponsored short term training course on ‘**Basic Tools and Techniques in Cell Biology and Immunology**’ to be held from 26th August to 11th September 2019 at School of Biotechnology, KIIT Deemed to be University, Bhubaneswar, India.

**Application procedure:** Interested candidates may send their application with brief bio-data and recommendation letter from HOD/Principal by soft copy to **bikashsahu74@yahoo.com** OR by hard copy to course organizer, **Dr. Bikash R. Sahu, School of Biotechnology, KIIT Deemed to be University, Campus XI, Bhubaneswar, India.** The application should contain name of applicant, date of birth, educational qualification and position held with office address (email ID and phone number), teaching/research experience and a brief write-up for purpose of attending the training programme.

**Eligibility criteria:** Researchers and lecturers (Undergraduate and Postgraduate) working in different areas of life sciences and biotechnology in various Universities/Colleges/R&D institutions in India.

**Age limit:** Below 45 years.

**Last date of application:** 31<sup>st</sup> July 2019.

**Course fee:** No registration fee applicable.

**Maximum number of participants:** 20. Candidates will be shortlisted on the basis of research experience, R&D facilities in his/her lab and utility of the training course in their research activities.

**Please contact [bikashsahu74@yahoo.com](mailto:bikashsahu74@yahoo.com) for any further query.**
