

12th Annual Biotech Industry Conclave 2025

21st-22nd August 2026
Campus 11, Auditorium

Organized by
KIIT School of Biotechnology,
KIIT-DU, Bhubaneswar

Theme

TRANSFORMING BIOTECHNOLOGY INDUSTRY IN THE NEW EMERGING GLOBAL ORDER

ABOUT THE PROGRAM

- A platform connecting industry leaders, startups, academia, and researchers to foster biotechnology collaborations and partnerships.
- Transforming breakthrough research into market-ready innovations through industry-academia engagement and entrepreneurship.
- Enabling knowledge exchange, discussions, and ideas for collaborative solutions.
- Exploring advancements in healthcare, agriculture, environment, and industrial biotechnology.
- Building a sustainable, future-ready, and globally competitive biotechnology ecosystem.

KEY TAKEAWAYS

- **Empowering future-ready biotech leaders** with skills to navigate emerging technologies & global opportunities.
- **Driving biopharmaceutical innovation** through advancements in biotherapeutics, biologics, and biosimilars.
- **Leveraging AI and digital transformation** to accelerate research, innovation, and the bioindustry.
- **Enabling biotech growth and global impact** through partnerships, commercialization, and market expansion.
- **Advancing sustainable biotechnology solutions** for climate resilience, nutrition, and food security.

SESSIONS

Biopharma:

Advances in Biotherapeutics, Biologics & Biosimilars

Human Resources & Leadership in Biotech:

Up skilling for Future Biotech Roles

Business Development/Marketing:

Accelerating Growth Through Partnerships, Market Expansion & Scientific Communication

AI in Biotech:

Artificial Intelligence Transforming the BioIndustry

Agriculture & Nutrition:

Climate-Resilient Crops & Food Security

Alumni:

Career Pathways in Biotech

TARGET AUDIENCES

Corporate
Delegates

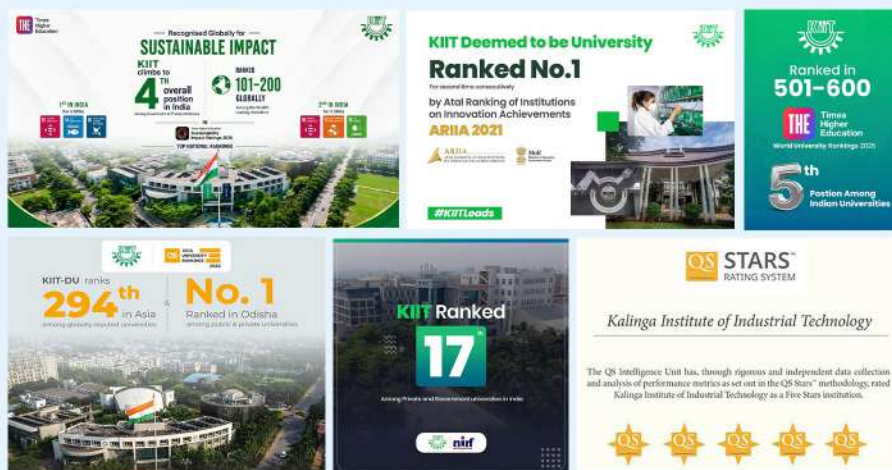

Startups &
Entrepreneurs

Professors
& Students of
KIIT

Academics
from Relevant
Fields

ACHIEVEMENTS OF KIIT

KIIT is one of the most progressive Universities and the best in Eastern India, ranked 17th in NIRF rankings 2025. Ranked No. 1 by Atal Ranking of Institution on innovation achievements, for second time continuously. India's first QS 5 stars Rated University. It has been ranked 169th in Asia in the Times Higher Education (THE) Asia University Rankings 2026. With this ranking, KIIT stands as the 6th best university in India among both government and private institutions. (<https://kiit.ac.in>)

ABOUT SCHOOL OF BIOTECHNOLOGY

School of Biotechnology at KIIT having laid its foundation stone by Nobel Laureate Prof. Richard R. Ernst (Nobel Laureate, 1991) & inaugurated by Prof. Hans Hengartner, Noted immunologist & Prof. Rolf Zinkernagel (Nobel Laureate 1996) in 2007, set up with a clear mission to pursue excellence in the field of biotechnology.

The School has been awarded the "Centre of Excellence" by Department of Biotechnology (DBT), Govt. of India, Fund for Improvement of S & T Infrastructure (FIST) and DBT-Boost to University Interdisciplinary Life Science Departments for Education and Research (BUILDER). The School has a very strong research fora, where currently about 52 research projects funded by various government / international/industry are running and our research work has been published in journals of international repute.

Presently the school offers B.Tech Biotechnology, Integrated M.Tech Biotechnology, M.Tech Biotechnology, MSc Biotechnology, MSc Applied Microbiology and PhD in Biotechnology programs.

OUR INSPIRATION

Dr. Achyuta Samanta, a visionary philanthropist is the founder of KIIT & KISS Universities. Coming from a very humble background with a vision to eradicate poverty through education, has developed a unique model of social transformation by building side by side two great academic institutions - Kalinga Institute of Industrial Technology and Kalinga Institute of Social Sciences. This unique symbiotic model has grown over the past 25 years into two distinct excellent centers of educations. Over 20 Nobel laureates and over 100 Heads of States have visited KIIT and KISS and applauded the developmental model.
